Patrícia Maria Carvalho Vicente

Architecture graduate / CAD drafting and technical documentation

Limerick, Ireland patriciamcvi@gmail.com

Architecture and Urban Planning graduate with experience in Brazilian residential construction, furniture design and site surveying. Seeking a CAD technician or drafter role in an architecture, engineering or construction team.

Professional experience

ALEA S.A. / Residential construction

2022–2024

Produced floor plans, sections, elevations and details for projects that supported the completion of more than ten residential builds. Prepared technical documentation and descriptive reports, took on-site measurements and supported construction teams. Assisted with procurement and supplier coordination across more than ten projects.

Liberty Móveis / Furniture design

2022

Designed furniture, visited sites to take measurements and supported customers with their projects.

Expoflora / Landscape exhibition

2019–2022

Helped visitors in Holambra, Brazil, understand landscape layouts, plant selections and outdoor design concepts. Worked with the exhibition team to maintain displays.
